Parc D'activités de L'Estuaire  
56190 Arzal  
France

**Durability**  
25 years warranty against insects and fungi.

**Minimal maintenance**  
Simply wash with water.

**Safety**  
Free of any toxic products, slip resistant and does not crack or splinter, a deck in Forexia® provides a safe environment for all the family.

**Visually Appealing**  
With a choice of colours and hidden fastenings, A deck in Forexia® is aesthetically pleasing. The decking keeps its colour well over time.

The raw material is recycled sawdust from European sawmills and we are therefore helping to protect the environment.

# Deck Boards

Solid board  
Offers a better look  
Eases installation

## Quick installation

With specially designed, hidden fasteners, decking has never been so easy to install. It can reduce the installation time by 50% compared to traditional methods using screws.

## Dimensions

**140 x 23 mm board. Standard length 4 m.**

Other lengths are available from 1 to 6 m subject to special order and quantities.

## Accessories

Silvadec also manufactures bearer bars, fascias and caps in the same material for giving your deck the perfect finish.

A solid board (eg. for stairs) is also available in Forexia®.

Hidden stainless steel fasteners are available.

## Colours and surface finishing

**Standard colours :** Colorado brown (light brown), Iroise grey, Exotic brown (dark brown).

**Standard surface finishing :** thin grooves.

Smooth and thick groove are also available on request.

## Installation instructions

Parts in Forexia® cannot be used for structural purposes. Installation instructions are provided by your distributor or can be downloaded from our website [www.silvadec.com](http://www.silvadec.com). Failure to comply with our installation instructions will void all warranties. Please take special note of the recommended joist spacing and gap between boards.
